ComfortMade Mattress Factory Partners with The Furniture Project Omaha

Lincoln, NE 06/01/2020 – ComfortMade Mattress Factory has forged an ongoing partnership with The Furniture Project Omaha to help members of our communities get on their feet. By assisting The Furniture Project Omaha through donations of mattresses, foundations, bed frames and bedding, we are able to help those members of our community most in need.

Building off a recent relationship forged last summer between The Furniture Project Omaha founder and Omaha Fire Fighter, Drew Gerken, and co-founder of ComfortMade Mattress Factory, Mike Moore, the two realized quickly that working together could have an immediate positive impact on our communities. “One of the greatest needs we have is providing good quality beds and bed frames to those in need,” stated Drew. Thus far, ComfortMade Mattress Factory has been able to donate a multitude of mattresses, foundations, bed frames, and pillows to the Furniture Project. “Drew and his organization have the same mission of helping our communities through hard work and seeking out ways to help those most in need. We knew right away that we could assist the Furniture Project and the people of Omaha through what we do. We are blessed to be able to contribute to the work they perform,” said Mike.

For more information on The Furniture Project Omaha, and how you can help, please visit www.thefurnitureproject.org. You can also follow them on Facebook for the latest events and opportunities to help.

ComfortMade Mattress Factory’s mission is to positively impact the citizens of our communities through better sleep and through giving back to the communities we serve through our “ComfortMade Cares” program. ComfortMade Mattress Factory was established in 2017, and opened our first retail location in Lincoln, NE in April 2019.
